The Crisis.

I will issue a Weekly paper, to be called "Tsix Christ," at the city of Columbus, and State of Ohio, at two dollars per annum, of fifty-two numbers, layable always in advance, and to commence during the month of January, (1861.) As it will be desirable to both parties to have a full sett commencing with number 1, it will be important for subscribers to send their names a early as possible, so that I can form some estimate of the edition to commence with.

commence with.

I have a great many reasons for publishing this paper, as will more clearly appear to my readers as it progresses, and hence I shall offer neither excuse nor apology for what, at first view, to some, may be considered a singular description to.

for what, at first view, to some, may be considered a singular determination.

"I'me Crisis" will fully and thoroughly sift the great issues that hang like a cloud of night over our common country, and if our nationality, as it is, cannot be preserved whole and undivided, the still greater question will arise, more perplexing, as it is more gloomy, what are to be the conditions of our dissolution and disgrace. These are momentous questions, yet they are crowding hard upon us, and we have got to look them in the face, as unpalatable as they may be.

I have not much faith in seeing those who have brought this fearful crisis upon our country, show patriotism and manilness enough to confess their errors, rectify their mitakes, and restore the country to the safe and healthy condition in which they found it, but I shall never loss confidence in the mass-of-the mean of the mean of the mass-of-the mean of the me

manliness among to confess their errors, rectify their mistakes, and restore the country to the safe and healthy condition in which they found it, but I shall never loss confidence in the mass of the mopple, nor distrust their right intentions until all hope is lest, and we are smitchen down by the particidal hand.

My connection of thirty years with politics and the press, gaves me some claims upon the people for at least a candid hearing.

If possible, let us save our country from the perils that surround it, and ourselves from the stigms of incapacity and National wickedness. If it is too late, and we are already whirling to the dark abyes of diesolution and chaos, in the name of humanity let us halt and not rush heading into civil commotions such as have never before reddened the earth with a brother's blood.

But a Prospectus is no place to argue great questions. Twill apeak freely of men and measures, and call things by their right names. When a great country and the fate of a mighty people are at stake, it is no time to retreat to our closest to pick words of delicate meaning, or to hunt phrases to sit like music on the ear of love. We are passing dangerous shoals in a frightful storm, and it is unmanly to sit in mimic pantomime of a resignation in Providence. He who would not defend his wife and children from the fatal dagger raised to strike before his eyes.

To my friends in Ohio, I once more appeal. I have often done so, but never in vain. In this terrible crists in our affairs, will you not stand by me in this last appeal which, in the nature of things, I can never make again. God has spared my life to witness this mouruful and gloomy scene—te witness the distroying angel passing almost unheeded over our fair and, crushing the hopes of millions in its dread flight

Scrofula, or King's Evil, is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously not destroy. caused by mercurial disease, low living, dis-ordered or unhealthy food, impure sir, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers

their children." Ita effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, cruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have for less powers to with plaints, but they have far less power to with-stand the attacks of other diseases; conse-quently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which do system. Most of the consumption which de-cimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking in-fection, and their health is undermined by it To cleanse it from the system we must renovate the blood by an alterative medicine, and in-vigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is com-bined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only Scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, OF ERYSIPELAS, PIMPLES, POSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DIS-EASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "impurity of the blood" is founded in truth. for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions

AYER'S Ague Cure,

FOR THE SPEEDY CURE OF Intermittent Fever, or Fever and Ague, Remittent Fever, Chili Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Blilous Fevers, indeed for the whole class of diseases originat-ing in biliary derangement, caused by the Malaria of Miasmatic Countries.

We are enabled here to offer the community a remedy which, while it cures the above complaints with certainty, is still perfectly harmless in any quantity. Such a remedy is invaluable in districts where these afflicting disorders prevail. This "Cure" expels the miasmatic poison of Fever and Ague from the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of every body; and in bilious districts, where Fever and Ague prevails, every body should have it and use it freely both for cure and protection. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is that it contains no Quining or mineral, consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.
